

Reimagined for the iPhone 6 / iPhone 6 Plus

The refined outer band and smooth finish makes for a comfortable all-day hold while defending from everyday wear and tear. Integrated, pass-through buttons and proprietary mute switch seamlessly blend the design of the case with your iPhone. Recharge both devices together with the included micro-USB cable to make sure you always head out with two fully charged batteries.

Let's get **technical.**

Capacity
Doubles the power of the iPhone

Comprehensive Protection
Prevents damage to screen, corners, and sides

Sync and Charge
Allows syncing and charging with the case still equipped

Ultra-thin
Thinnest battery case design for iPhone

Easy to Use
Single button controls all case functions

LED Power Level Indicators
Accurately displays remaining power

Installation:
